OUR SUPPLIERS

OUR COMMITMENT

Nexeo Plastics is committed to being an industry leader and a responsible corporate citizen by focusing on continuous improvements in the areas of safety, social responsibility, environmental and supply chain performance.

ACHIEVING SUSTAINABILITY FOR YOUR BUSINESS NEEDS

Our team of experts work to understand both your products' **end use performance requirements and sustainability targets** to help you determine whether **you can lower your carbon footprint** by using sustainable materials or other innovative solutions to drive efficiency, results, and profitability for your business.

Technical Assistance

- Production process optimization
- Scrap rates reduction
- Improve energy consumption

Design Support

- Material selection
- Part weight reduction
- Packaging optimization

Whether you are looking to accelerate your sustainability goals or minimize the impact your operations have on the environment, Nexeo Plastics will join and support you in these efforts and help you achieve results.

Our portfolio of sustainable thermoplastics include materials that meet:

- ASTM D6400 –04 Standard Specification for Compostable Plastics
- ASTM D6866 for Bio-based Content Testing

These alternative materials help reduce carbon footprint, cut down on environmental plastic waste, mitigate the impact of climate change, and contribute to a thriving society for our employees, our communities where we operate, and the people who depend on our products.

Nexeo Plastics Europe BV has obtained ISCC PLUS Certification. ISCC certification ensures sustainability, traceability, feedstock identity and correct claims.

Nexeo Plastics Europe BV have achieved the EcoVadis Silver rating that provides reliable and globally recognized sustainability ratings and insights.

Nexeo Plastics Europe BV is committed to implementing the Operation Clean Sweep® program, to help ensure its principles are embraced through our value chain, comply with all applicable related regulations and spread the word through our partners to pursue the same objectives.
