- SAP real-time inventory for increased asset accuracy
- ISO 9000:2015 certified facility

Nexeo Plastics, a global leader in thermoplastic resin distribution, provides plastics to its customers worldwide from its advanced distribution center in Richmond, British Columbia, Canada. With the latest technology and expertise, we are committed to meeting your project needs through fast delivery, competitive pricing and service above and beyond what you've come to expect in plastics supply.

Built on 12-acres, our Richmond BC facility has the warehousing and bulk processing capacity to support our customers' growth. And with end-to-end sales order-to-invoice processes in place, staff and customers alike will always know the status and timing of their orders.

World-class suppliers and products

With inventory and access to more than 9,000 thermoplastic resins, Nexeo Plastics can cover your material needs. As a stocking distributor, we have products on the floor and ready to go with just a call. Products from leaders such as SABIC, LyondellBasell, ExxonMobil and more, are on hand and available in a variety of containers and packaging, from railcars and Gaylord boxes to smaller custom amounts.

Asset visibility and fulfillment excellence

Our Richmond BC facility houses the latest in integrated supply chain technology. From customer service through shipping, we have complete stock visibility, enabling concurrent order-to-delivery planning and optimization. Our advanced care process — automated through the Nexeo Corrective Action Report resolution system — ensures 100% customer satisfaction.

Shipment tracking and delivery

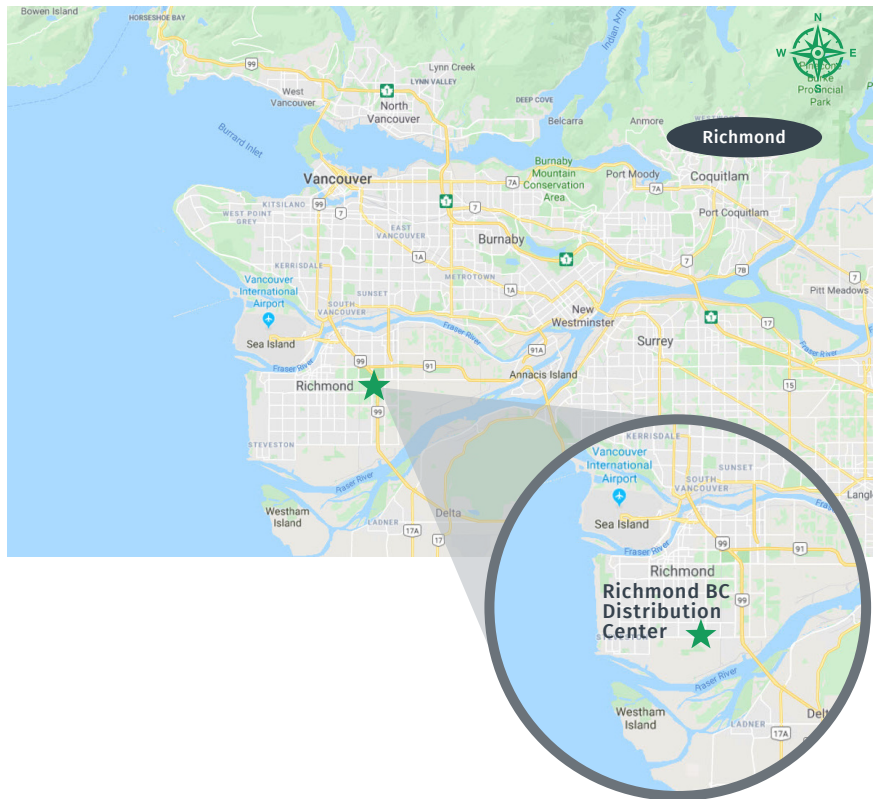

Once the product leaves our docks, our best-in-class private fleet provides superior service, delivering on time throughout North America. What's more, we offer, through our *MyNexeo* online portal, the ability to “track-and-trace” your shipment, from loading dock to doorstep – in real time.

Industry-leading talent

We know the best service comes from having highly trained, dedicated personnel at the ready. Our team members are regularly re-certified on equipment and processes as part of our commitment to ISO 9000:2015 compliance.

Commitment to health, safety and the environment

Nexeo Plastics is committed to operating all our facilities in a safe, efficient manner and in compliance with all applicable safety, health and environmental laws and regulations.
